# **Hydrogen Therapy**

## **The Best Antioxidant known so far**

**No currently available anti oxidants can compare with the properties of Molecular Hydrogen (H<sub>2</sub>) as the most recent and effective molecule to combat oxidative stress.**

**Not only is it effective, H<sub>2</sub> also has zero toxicity and no adverse side effects. Intravenous infusion of hydrogen bubbled saline or ringer solution with or without added nutraceuticals produces remarkable anti ageing, anti cancer, anti diabetic and anti hypertensive effects.**

**Hydrogen is odourless, colourless, and tasteless; and thus inhalation therapy is non-intrusive, and is calming during a session.**

**Molecular hydrogen has a well known ability to reach the nucleus and the mitochondria, producing unique cell-modulating effects which affect healthy gene expressions, cell metabolism and cell signalling in a very positive way, with anti-obesity, anti-inflammatory, anti-allergy anti-aging and performance enhancement effects.**

**Molecular Hydrogen is also a powerful anti bacterial, anti viral, anti fungal and anti parasitic agent and also a strong immune modulator.**

## Benefits of Hydrogen Absorption Inhalation and Infusion

- Enhanced cognitive function
- Reduces fatigue
- Anti-aging, human skin loves it
- Combats immune system illnesses
- Reduces pain and inflammation
- Rectifies DNA damage
- Acts in sensitivities and allergies
- Reduces fat, cellulite and wrinkle
- Restores youthfulness
- Regulates blood circulation and peripheral circulation
- Helps with quicker sports injury recovery
- Slows down free radical damage
- Helps flush heavy metals from our bodies
- Boosts mitochondria function
